**DeBourgh uses the highest grade powder coat in the industry, allowing your locker units to receive between 2 to 3 mils on average of paint thickness, helping protect your system from corrosion, vandalism, and wear-and-tear.**

**Powder paint is also recyclable and uses no hazardous solvents or thinners. Accept no substitutes.**

*\*Due to the printing process, color swatches depicted here may be slightly different from true paint color.*

**Metal color samples are available for free! Contact us at [info@debourgh.com](mailto:info@debourgh.com).**
